INFORMATION SHEET

GRANO DIRECT NATURAL SEALER

SEALANT & REPELLANT FOR CONCRETE, BRICKS, STONE, MORTER & GROUT

Description

NATURAL SEALER – is a water based repellent & sealant that is used to impart water resistance & surface protection properties to most porous building materials to maintain & preserve the treated materials original appearance & integrity.

NATURAL SEALER also improves the surface slip rating & eliminates or greatly reduces unsightly efflorescence leaching, while providing increased abrasion, cracking & spalling resistance.

NATURAL SEALER is almost invisible, UV resistant, non flammable & environmentally friendly with very low volatile organic content (VOC) so as to supports your regulatory compliance efforts. **NATURAL SEALER** is Non-SiH, easy to store & handle, easy to ship & vented containers are not required.

Use Suggestions

NATURAL SEALER may be used with confidence on concrete, liquid limestone, brocks, reconstituted limestone, mortar, render, & grout. **NATURAL SEALER** may also be used to build hydrophobic qualities into render, Shotcrete, concrete blocks, artificial stones or other building components, & can be admixed during manufacture at level of 0.6 to 6%. Note: **NATURAL SEALER** is not suitable for sealing dense stone such as marble. DO NOT DILUTE.

Dilution & Use Recommendations

Use as received. Apply to clean surface by spraying, rolling or painting. Allow to dry. Once coat is usually sufficient for most surfaces.

COVERAGE: 1 litre treats between 30 to 35 m² of surface. Coverage rates may vary. **NATURAL SEALER** when admixed during manufacture of concrete or render should be used at level of 0.6% to 6%.

Packaging

15, 205 & 1000 litre containers.

CONDITIONS OF SALE & USAGE (STANDARD DISCLAIMER)

This product should not be used for any purpose or in any manner contrary to the labelling, SDS, MSDS or Information Sheet unless authorised to do so under appropriate legislation. By purchasing & using this product the purchaser assumes responsibility for any & all results that may occur & shall not hold the manufacturer liable for any loss or injury however occurring.

BENEFITS & TIPS

- INVISIBLE
- EXCELLENT WATER REPELLENCE
- STOPS OR REDUCES EFFLORESCENCE LEACHING
- INCREASES SPALLING RESISTANCE
- IMPROVES LIFE OF SURFACE
- EASY TO USE
- LOW VOC
- EXCELLENT REJUVENATOR
- WATER BASED
- NO HARSH CHEMICAL SMELLS

ALWAYS READ THE SDS OR MSDS
